

Mini Garden

Item no.: GGDSA-NI
GGDS1-NI
GGDS2-NI
GGDS3-NI
GGDS4-NI

Congratulations on getting your new Garden Girlz Mini Garden. You will soon see that growing and caring for your very own garden is loads of fun. You can trim the garden to create your very own designs. And each time your garden grows, you can change and create something brand new. If you follow the care instructions and treat your new garden with care, you will have a wonderful little world to enjoy. Alright then, let's get GROWING!!!!

CONTAINS:

1. Garden Girlz Doll.
 1. Growing Area.
3. Flower Accessories to plant in your new garden.
 1. Package of Garden Girlz Seeds.
 1. Reusable Magic Flower Bed.

SETTING UP YOUR
NEW GARDEN GIRLZ MINI
GARDEN

Ready to get started? Okay, but first things first. It's very important that you **READ ALL THE INSTRUCTIONS THOROUGHLY.** If you don't understand something or you need a little help, ask your parents to give you a hand. That way, you will know exactly how to plant the seeds and correctly take care of your new mini garden!

GETTING STARTED:

1. Remove your new Garden Girl and all her fun accessories.
2. Now, check to make sure you have everything mentioned above under "contains." Got everything? GREAT let's keep going...I mean GROWING!
3. Okay, next get out your seed packets and follow the instructions.

FUN FACTS:

Don't forget you can also collect other Garden Girlz with their own Garden Homes like Rosebud Cottage, Violet's Villa and Meadow Mansion (all sold separately). You can arrange them all together and start your own Garden Girlz neighborhood! Best of all, once your Garden Girlz Garden is grown, you can trim it!! Just think, you can grow and then design the look of your very own mini garden! AWESOME RIGHT!!

CARING FOR YOUR NEW GARDEN GIRLZ MINI GARDEN:

Occasionally wipe your Garden Girl and her accessories off with a damp cloth.

Never leave your New Garden Girlz Mini Garden outside and exposed directly to the elements.

Lastly, remember, you are growing a living garden and with that comes the responsibility of making sure the garden is watered, given some sunlight and kept in a safe place. So, if you take good care of your garden, it will provide you with tons fun.

⚠ CAUTION:

The Garden Girlz Mini Garden is INTENDED FOR AGES FOUR and UP!

THERE ARE SMALL PARTS INCLUDED WHICH COULD POSE A CHOKING HAZARD FOR YOUNG CHILDREN!

Never over water your garden or leave it directly in the sun or exposed to the elements. The heat could "burn" your new garden and turn it brown.

Keep the Garden Girlz Mini Garden in a safe area where it can not be knocked over. That kind of shock could harm the garden. Keep your garden out of the reach of younger children and household pets who may become overly curious. Remember, your pets may want to "nibble" on your garden!

Most importantly, remember to provide your garden with water and sunlight as needed. This is a living, growing garden and if you want to keep it strong and healthy, you will need to take good care of it. This is now your responsibility. YOU CAN DO IT! Just wait, before long, you will have a beautiful Garden Girlz Garden going strong!

GROWING INSTRUCTIONS:

1. The first step is to get out your seed packets and your Magic Flower Beds. You will need to soak your seeds and the Magic Flower Beds in separate containers. EVERYTHING must be soaked overnight for UP TO 12 HOURS. Seems like forever, right? But, this is important and if you want your garden to grow, YOU MUST NOT SKIP THIS STEP! Remember, while you are waiting, you can still have fun playing with your new Garden Girlz and her fun accessories!
2. Step two, take a damp cloth and wipe out the area where your garden will be planted.
3. Next place your Magic Flower Bed into the growing area. Do you notice that each magic flower bed is a different shape? Well, each one has it's on spot so, match each magic flower bed to it's place in the garden before you put it down.
4. Once you have the Magic Flower Beds in place, sprinkle the seeds on top of the flower beds.
5. Now, sprinkle all your seeds with water but, not too much. Remember, this is a living garden and you will need to water it regularly but, don't over do it and make sure to give the seeds sunlight. Did you know the sun is food for your garden? Now, be patient and keep watching. You will soon see your garden begin to grow in four to five days and by day seven, you should have your full Garden Girlz Garden. It really is that easy and that fun!!
